

ADVANTAGE AIR®

INFORMATION & TROUBLESHOOTING

If you require more information about your controllers' features or functions, please follow below links;

- [MY PLACE / MY AIR USER MANUAL](#)
- [EZONE USER MANUAL](#)
- [ZONE 10E USER MANUAL](#)
- [ZONE STATION II \(ZONE6\) USER MANUAL](#)

Experiencing issues with your control system? You may be able to have the system back up and running in no time with a simple reset! This is recommend as a first course of action before making a phone call to Advantage Air.

To properly reset, please follow these steps:

1. Go to your meter box and turn off the circuit breaker labelled A/C
2. Leave for a minimum of 5-10 minutes
3. Turn back on and wait 5 minutes for the system to initialize before pressing any buttons
4. Operate the system to see if your issues are resolved

Please note: If you have turned off the circuit breaker and the Advantage Air system still has power we recommend turning the mains power off then following steps 2 to 4.

After the reset has been performed, if your issue still persists please call Advantage Air on **1300 850 191** or email contact@advantageair.com.au

The following documentation is a compilation of status codes for Advantage Air Control Systems; you can use this to find the definition of the fault code displayed on your MyAir 3/4/5, E-Zone and Zone 10E system.

ADVANTAGE AIR®
